

DISCLAIMER: All contents of this Catalogue, including but not limited to the text, graphics, images and photographs contained herein, and their layout ("Contents") are subject to protection under copyright, industrial property and/or other rights. The trademarks, including corporate logos and emblems ("Trademark(s)"), are subject to copyright, as well as Trademark rights of either Akrapovič d.d., Malo Hudo Ba, 1295 Ivanična Gorica, Slovenia ("Akrapovič") or third persons, authorizing Akrapovič to use them. Any reproduction, technical or other manipulation, translation, or other use of the Contents and Trademarks is prohibited without an explicit prior written consent of Akrapovič.

Products, product information and their representations are provided for informative purposes only. Discrepancies between the appearance in the Catalogue and the actual products or product information may exist. Akrapovič reserves the right to use additional elements for displaying its products, serving better representation only. Such elements do not represent Akrapovič products and are not subject to advertising, offer or sale nor does the present Catalogue represent an offer made by Akrapovič. For actual information on specific products, their availability and specifications in each country, please contact Akrapovič or local Akrapovič authorized dealer. Not all products are necessarily available at every Akrapovič dealer. Availability of Akrapovič products is subject to Akrapovič's discrepancy, mainly based on inventory availability and manufacturing lead time. Akrapovič may at any time and at its own discretion change the design, equipment and delivery specifications, without any prior notice. All Akrapovič products must be used in accordance with the respective user's guide, with consideration of all safety instructions and precautions only. Akrapovič does not assume any responsibility for printing errors or misrepresentations in the present Catalogue and may change any of the information contained herein at any time. Additional information on Akrapovič products may be found at www.akrapovic.com. Please check our website as we continually launch new products.

WARNING: Because of the world-wide distribution of Akrapovič d.d. products, neither Akrapovič d.d. nor any of its subsidiaries make any representation that the products comply with the air and/or noise emissions laws, or labeling laws, of any jurisdiction. The purchasers are entirely responsible for informing themselves of the applicable laws where the products are to be used and to comply with those laws.

WARNING/USA: Various U.S. states and the U.S. federal government have individual laws regulating the use of aftermarket exhaust parts and systems, especially as those parts and systems modify, remove, or replace original equipment catalytic converters. Please consult the appropriate laws in your area before installing any aftermarket part or system on your vehicle to ensure compliance with all applicable laws. Neither Akrapovič d.d. nor any of their subsidiaries or the sellers of the parts or systems make any representation that any of their parts or systems comply with any such laws.

WARNING/California: California laws prohibit the use of any aftermarket exhaust part or system that modifies, removes or replaces original equipment catalytic converters unless the California Air Resources Board has issued an Executive Order regarding such part or system or unless the part or system is exempted by being used only on racing vehicles on closed courses. Neither Akrapovič d.d. nor any of their subsidiaries make any representation that any of their parts or systems has received such an Executive Order or that any of their parts or systems conform with the racing vehicles exemption. The purchasers are entirely responsible for informing themselves of applicable California laws and to comply with those laws.

EC Type Approval

Akrapovič exhaust systems that meet EC type approval are designated in this catalog with the  icon.

ECE Type Approval

Akrapovič exhaust systems that meet ECE type approval are designated in this catalog with the  icon.

CARB Compliant (Replacement parts)

Akrapovič exhaust systems that are CARB compliant (replacement parts) are designated in this catalog with the  icon.

ENTERING A NEW DIMENSION WITH AKRAPOVIČ

High-performance exhaust systems for BMW cars

ABOUT AKRAPOVIČ

STAND OUT WITH AKRAPOVIČ

- Increased performance
- Advanced technology
- Quality workmanship
- The Akrapovič Sound
- Design
- Durability

Akrapovič exhaust systems are renowned for increasing performance, their unmistakable sound, state-of-the-art designs, significant weight reductions, quality workmanship, and durability. This ethos has been in Akrapovič's DNA since the beginning, and the brand has grown to international prominence, standing proudly at the top of the performance

exhaust manufacturer's tree. Through the use of innovative technologies, including the development of titanium alloys, which has led to unmatched high-quality components produced and cast in in-house foundry, Akrapovič has pushed performance levels to outstanding heights and created a unique soundtrack for its exhaust systems.

In addition to this, it has broken barriers in the design world. The impressive honours and numerous awards it has won for its groundbreaking exhausts, including the Red Red Dot product design awards, are a true recognition of everything Akrapovič has accomplished.

RACE PROVEN

OFFICIAL PARTNER: BMW MOTORSPORT

Akrapovič and BMW Motorsport are partners that have competed in the Deutsche Tourenwagen Masters (DTM) championship since 2012, the year BMW returned to the series. This has been a fruitful partnership with great success from the start, with Bruno Spengler winning the first DTM title for the team in its inaugural season. This was followed by two more in 2014 and 2016, won by Akrapovič brand ambassador Marco Wittmann, who became the youngest-ever two-time DTM champion when he powered his Akrapovič-equipped BMW M4 DTM to the 2016 title.

Akrapovič provides the latest technological knowhow in high-performance exhaust systems and lightweight technology to give BMW the best advantage on the track. In 2016, Akrapovič extended its official partnership with BMW Motorsport into the IWSC, in which BMW Team RLL competes with two BMW M6 GTLMs, and at the iconic 24-hour race at Germany's Nürburgring.

Working together with BMW Motorsport's renowned racing department, Akrapovič creates unique exhaust systems that are developed to perfectly extract the power of the BMW M4 DTM and BMW M6 GT3. There is no better proving ground for a high-performance exhaust system than the most demanding racetracks around the world.

"Akrapovič is a world-renowned and extremely professional company that gets everyone's heart racing. The products are unrivalled both for street use and in motorsports! The increased performance, weight savings, and of course the sound are just incredible. We've been working together for three years now. Since 2014 I've been the first and only Akrapovič brand ambassador, and I'm very proud to be able to promote and present a brand like this. I'm looking forward to staying with the company for many years to come – and to the many successes, victories, and winning championships ahead!"

Marco Wittmann,
2014 & 2016 DTM Drivers' Champion
BMW Works driver
