Products, product information and their representations are provided for informative purposes only. Discrepancies between the appearance in the Catalogue and the actual products or product information may exist. Akrapović reserves the right to use additional elements for displaying its products, serving better representation only. Such elements do not represent Akrapović products and are not subject to advertising, offer or sale nor does the present Catalogue represent an offer made by Akrapović. For actual information on specific products, their availability and specifications in each country, please contact Akrapović or local Akrapović authorized dealer. Not all products are necessarily available at every Akrapović dealer. Availability of Akrapović products is subject to Akrapović's discrepancy, mainly based on inventory availability and manufacturing lead time. Akrapović may at any time and at its own discretion change the design, equipment and delivery specifications, without any prior notice. All Akrapović products must be used in accordance with the respective user's guide, with consideration of all safety instructions and precautions only.

Akrapović does not assume any responsibility for printing errors or misrepresentations in the present Catalogue and may change any of the information contained herein at any time. Additional information on Akrapović products may be found at www.akrapovic.com. Please check our website as we continually launch new products.

WARNING: Because of the world-wide distribution of Akrapović d.d. products, neither Akrapović d.d. nor any of its subsidiaries make any representation that the products comply with the air and/or noise emissions laws, or labeling laws, of any jurisdiction. The purchasers are entirely responsible for informing themselves of the applicable laws where the products are to be used and to comply with those laws.

WARNING/USA: Various U.S. states and the U.S. federal government have individual laws regulating the use of aftermarket exhaust parts and systems, especially as those parts and systems modify, remove, or replace original equipment catalysts. Please consult the appropriate laws in your area before installing any aftermarket part or system on your vehicle to ensure compliance with all applicable laws. Neither Akrapović d.d. nor any of their subsidiaries or the sellers of the parts or systems make any representation that any of their parts or systems comply with any such laws.

WARNING/California: California laws prohibit the use of any aftermarket exhaust part or system that modifies, removes or replaces original equipment catalysts unless the California Air Resources Board has issued an Executive Order regarding such part or system or unless the part or system is exempted by being used only on racing vehicles on closed courses. Neither Akrapović d.d. nor any of their subsidiaries make any representation that any of their parts or systems has received such an Executive Order or that any of their parts or systems conform with the racing vehicles exemption. The purchasers are entirely responsible for informing themselves of applicable California laws and to comply with those laws.

ENTERING A NEW DIMENSION WITH AKRAPOVIČ

High-performance Exhaust Systems for Porsche cars

2017 / 2018

ABOUT AKRAPOVIČ

STAND OUT WITH AKRAPOVIČ

Increased performance
Advanced technology
Quality workmanship
Unique Sound
Innovative Design
Improved Durability

Akrapovič exhaust systems are renowned for increasing performance, having an unmistakable sound, state-of-the-art designs, significant weight reductions, quality workmanship, and durability. This ethos has been in Akrapovič's DNA since the beginning, and the brand has now grown to international prominence, standing proudly at the top of the performance

exhaust manufacturer's tree. Innovative technologies, including the development of unique titanium alloys, have led to unmatched high-quality components produced and casted within its own in-house foundry. Akrapovič has pushed performance levels to outstanding heights and created a unique soundtrack for its exhaust systems.

With boundaries being broken in the design world, leading to numerous impressive and prestigious honours for the ground-breaking exhausts it has produced – including Red Dot product design awards – Akrapovič has received a true recognition of all it has accomplished.

RACE PROVEN

Akrapovič has an enviable pedigree in motorsport, and it is this heritage that flows through every Akrapovič exhaust system that is fitted to a Porsche, whether it is for the track or the road.

Akrapovič's racing experience is honed from over 20-years at the highest level of two- and four-wheel competition, and this dedication to perfection and racing DNA can be found in every Porsche car equipped with an Akrapovič exhaust. This heritage and expertise makes Akrapovič the choice for teams competing in DTM, FIA WEC, Cross-Country Rallies, and other championships.

Ultra-lightweight race-proven materials, improved throttle response, and enhanced performance are all part of the transition from racetrack to aftermarket systems, and the Slovenian premium exhaust manufacturers

are the masters at this transformation, ensuring that success in racing can be channelled into what can be achieved on the road.

With a high-tech and advanced R&D department and an ongoing quest for innovative solutions, Akrapovič is constantly striving to create the best systems in the world. The highest standards of design, workmanship, and technology can all be found in every product Akrapovič makes for a Porsche, and this unending passion to be the best – allied with the stunning and unique soundtrack that every Akrapovič exhaust system has – will guarantee that a Porsche equipped with an Akrapovič high-performance system will stand out on the track, on the road, and in your heart.
